3. Explanation of Abbreviations
Abbreviations used in this regulation are explained in the glossary.

4. Commander’s Intent
To rapidly in-process all military and civilian employee personnel into the command by providing them with the necessary briefings on mandatory subjects needed to sustain combat readiness and to provide a Korean cultural orientation. Specific attention will be given to address the new sexual assault strategic guidance from Department of Defense (DoD) in all in-processing briefings. Leaders will be personally involved with addressing their command’s sexual assault prevention and
response programs and policies. Additionally, commanders will provide a Spouse/Family Member in-processing and orientation program for all accompanied personnel.

5. Responsibilities

a. The Senior Service Component Commander for each Installation/Area will ensure the following for all service members and applicable civilian employees upon arrival to Korea:

   (1) Provide mandatory in-processing and orientation briefings within five duty days to include at a minimum the following:

      (a) Installation/Area Commander Welcome Briefing.

      (b) Sources of Command Information including the Installation/Area specific web site, service component web site, USFK website, Commander Sends Messages, Public Service Announcements, etc.

      (c) Noncombatant Emergency Evacuation (NEO). Minimum requirements include:

          - Registration in the USFK Defense Biometric Identification System (DBIDS) (must include all family members, no matter what their age, to ensure commissary and alcohol limits are set properly for all accompanied family members).

          - Have an assigned unit NEO warden meet with newcomers within the first week of arrival.

          - Have a complete NEO packet in accordance with Appendix B, USFK Pam 600-300 within 30 days of arrival to their unit of assignment.

      (d) Installation support agencies and training, to include:

          - Medical, Dental, Veterinary and TRICARE.

          - United Service Organization (USO).

          - Chaplain Services.

          - Family, Morale, Welfare and Recreation (FMWR).

          - American Red Cross.

          - Sexual Assault Prevention and Response Program (SAPR). SAPR training will be provided to all USFK personnel during inprocessing and reinforced annually. Training will focus on prevention education, risk factor awareness, reporting procedures, appropriate dormitory/barracks behavior, the correlation between sexual assault and alcohol abuse, and victim support. All SAPR in-briefings will include, at a minimum, the following topics:

          o Leader Accountability – define how your command has established a command climate of dignity and respect and incorporating their SAPR program and victim care principles in their commands, and how your command hold leaders accountable. Restate the USFK Commander’s zero tolerance policy as stated in USFK Command Policy Letter #10.
Response and Victim Treatment – describe how your command has provided victim treatment by their peers, co-workers, and chains of command. Ensure the definition of restricted and unrestricted reporting procedures. Victims electing either reporting option will have the option to be assigned an Area Sexual Assault Response Coordinator (SARC). Also review how victims of sexual assaults will be protected from coercion, retaliation, and reprisal. Victims who file unrestricted reports can also request an expedited transfer or reassignment in accordance with their established Service regulations. Transfer decisions will be made within 72 hours from receipt of the Service member’s request.

Ensure Awareness and Safety – To ensure awareness and safety of our inbound personnel, all new comers will be supervised upon arrival to Korea. This includes their initial lodging procedures at the Dragon Hill Lodge and upon arrival at each installation. At no time will new comers be left alone to “figure it out.”

Ensure Victim’s Rights – Describe the method your command uses to incorporate the rights afforded to victims as part of the military justice support. Include the availability of the Special Victims Counsel program and any other programs that provide advice and assistance victims need to understand.

Make sure all new comers know the name of their Area SARC and the 24/7 USFK Sexual Assault Hotline number (DSN – 158 or Commercial off-post or cell phone by dialing 05033-64-5700). The SARC is the single point of contact for coordinating timely, appropriate and responsive care for sexual assault victims.

Conduct a command climate survey with new comers within 120 days of arrival to capture perceptions of newly arrived personnel on their command’s SAPR program.

- Newcomer Information from the community (examples are on the USFK Newcomer Information web page).

USFK Combating Trafficking in Persons (CTIP) annual awareness training. Every USFK service member and DoD civilian must complete CTIP training upon arrival and then subsequently once every calendar year. All service components and USFK Directors are required to provide their CTIP training status (number of service members, number of DoD civilians, number of contractors, and total number trained) to the USFK J1 by the first Friday of every month.

- All CTIP training certificates must have a date within the calendar year of arrival.
- Service component online training certificates are authorized as validation of this training. For example, the Air Force course for Human Relations (ZZ133080) completes the
Combating Trafficking in Persons requirement. Also, the Navy’s Certificate of Completion for the Trafficking in Persons Basic Awareness Training completes the Combating Trafficking in Persons requirement.

- The USFK Reg 350-2 Theater Specific Required Training does not count because it covers a limited portion of the overall Combating Trafficking in Persons briefing requirement.

- Specific Combating Trafficking in Persons annual awareness training information and training slides are available on the USFK home page under the Training Tab dropdown menu at: (http://www.usfk.mil/usfk/content.combating.trafficking.in.persons.annual.training.522).

- **USFK Voting Assistance Program.** Ensure all new personnel of eligible voting age (including family members) see their unit or Installation Voting Assistance Officer and are provided information on how to apply for an absentee ballot online at www.fvap.gov. According to the Federal Voting Assistance Program and DoDI 1000.04, all personnel overseas must reregister for their absentee ballot every calendar year while serving overseas. All eligible voting age personnel must update their absentee ballot requests when out-processing (even if the forwarding address is unknown at that time). All USFK Installations must ensure that uniformed service members, their voting-age dependents, and overseas DoD civilians will be provided proper voting assistance at their Installation Voting Assistance Office, including the opportunity to update their voter registration information through the submission of a revised SF 76, “Federal Post Card Application (FPCA).

(e) **Legal/Status of Forces Agreement (SOFA).** The SOFA briefing will cover aspects of the United States (US)-Republic of Korea (ROK) SOFA pertaining to application of foreign criminal jurisdiction to USFK personnel. Other currently relevant topics (hiring third country national Nannies and SOFA member employment restrictions) and international marriages.

(f) **Consumption of alcohol.** This briefing will cover how off-duty alcohol abuse incidents could jeopardize the relationship we have built with our host country and have a negative impact on unit readiness and individual careers. Every in-process briefing will cover the legal drinking age (on and off post), off-limit establishments, and review how drinking and sexual assaults have a direct correlation. Inform all new personnel that USFK has a zero tolerance for sexual assaults of any kind and that all sexual assaults will be investigated in a timely manner.

(g) **Ration Control/Black Marketing.** This briefing will stress the importance of protecting the privilege of persons authorized access to duty free goods under the US-ROK SOFA, monthly commissary limits, controlled items, and monthly alcohol purchase limits. - Driving in Korea, on and off post.

- Winter and summer seasonal safety requirements. Monsoon season issues will be discussed.

- Use extreme caution when crossing highway and roadways in the Republic and only use authorized crosswalks or crossing areas.

Earlier contact is encouraged for advance planning considerations for the inbound person.

(2) Within five business days of arrival, verify mandatory theater specific online training has been accomplished in accordance with USFK Reg 350-2.
