5. Policies

a. **Background.** TSD was authorized under a Subsequent Agreement to the AA and established by the UNC with concurrence and assistance from the government of the Republic of Korea (ROK).

(1) All the residents of TSD are citizens of the ROK, but reside in an area designated as under the military control of UNC CDR.

(2) The residents of TSD and other ROK citizens working in or entering the TSD AO are subject to all applicable civil and criminal laws, rules and regulations of the ROK. Violators of ROK laws, rules and regulations may be referred to the appropriate enforcement agency within ROK local or national government.

(3) However, their access, movements and activities are also subject to control of the designated military authorities responsible for ensuring the safety, protection and security of the personnel, facilities and property in the TSD AO.

b. **Movement Control in the TSD AO.** In accordance with the AA and Subsequent Agreements, members of the Military Armistice Commission, Joint Observer Teams, Neutral Nations Supervisory Commission and others specifically authorized to enter by the Military Armistice Commission are granted complete freedom of movement to, from or within the TSD AO.

c. **Residency in TSD.** AA and Subsequent Agreements prescribe requirements for civilians who were former residents of the DMZ to engage in farming in the DMZ and claim residency there.

(1) Bona fide residents will retain their status only if they maintain a permanent home in TSD and remain overnight there at least eight months (240 nights) out of each calendar year. Residents who move out of the village for more than four months in any calendar year unless granted an exception by the UNCSB CDR (e.g. hospitalization, to attend school outside the village, to care for children attending school outside TSD) will lose their right to live and work in TSD. Exceptions granted by the UNCSB CDR will be reported to the UNCMAC Secretariat for review by the UNCMAC SM and UNC DCS before approval.

(2) Changes in the population of TSD residents result from births, deaths, legal adoptions or women from outside TSD marrying into a bona fide TSD resident's household. UNC recognizes ROK laws with respect to lineage and inheritance; however, any anticipated transfer of TSD farming or property rights to other persons, including structures and farm land must be approved in advance by the UNC CDR.

(3) Because of the decrease in the population of school age children residing in TSD, the UNCMAC approved a local government request to permit children who were not residents to attend the TSD elementary school. Increases in the number of individuals in the village on a temporary basis, that is, faculty and students, are expected.

(4) Bona fide residents of TSD will be issued temporary DMZ passes.

(5) Although TSD residents are normally authorized freedom of movement during daylight hours to and from Checkpoint Bravo at Camp Bonifas, within the village of TSD, and as coordinated and authorized in TSD farming/fishing areas (defined in term 'Taesong-dong Area of Operations' in the glossary), movement to, around, and from fishing areas located outside the parameters requires additional coordination with UNCSB-JSA and the 1st ROK Infantry Division.

TSD residents are prohibited from entering Panmunjom (also known as the Joint Security Area (JSA)), the Neutral Nations Supervisory Commission camps of the Swiss and Swedish Delegations, and military installations/facilities in the DMZ without the express permission of UNCMAC and the local military commander. Violators will be apprehended and may be referred to local ROKG law enforcement agencies or could have their rights to residency in TSD suspended or revoked.

(6) In the event of crisis, natural disaster or deterioration of the military situation, UNC may order and facilitate the evacuation of all non-combatant personnel from the TSD AO to a safe haven or to the control of ROKG authorities outside the DMZ.

(7) Residents of TSD will elect a Mayor from among the residents to represent their interests to the UNC and local ROKG officials. Term of office is two years.

d. **TSD Invited Visitors.** Visitors requiring daily or frequently recurring access to TSD will be issued temporary DMZ passes.

(1) This includes, but is not limited to: ROK Nationals who are hired laborers, TSD Elementary School faculty, students and parents of students not residing in TSD.

(2) Access will be granted for emergency services without prior coordination when required to safeguard human life, treat/prevent severe bodily injury or prevent damage to facilities.

(3) Requests for all other access must be directed to the UNCMAC Secretariat as required above in 4a(5).

e. **Vehicles.** Residents of TSD will be issued vehicle passes for privately owned vehicles (POVs) and farm equipment (including tractors, trucks and other vehicles). The number of POVs that may be issued passes is limited to two per family.

(1) All vehicles, including tactical vehicles, non-tactical government vehicles, commercial buses, and POVs or farm equipment operated in the DMZ will display the appropriate vehicle identifying flags on the left front exterior of the vehicle as outlined in UNC Regulations 551-4 and 551-5.

(2) All vehicles operating in the DMZ, including tactical vehicles, non-tactical government vehicles, commercial buses, POVs and farm equipment, will comply with the relevant ROK motor vehicle legal requirements as well as all applicable UNC regulations.

(3) Requests for exception to this policy may be submitted IAW Paragraph 1 of this regulation.

f. **Farming.** TSD farmers must coordinate their daily exterior work plans with the TSD Civil Administration Company. Based on the specific requirements coordinated, the Company will dispatch the appropriate escort, direct security procedures, specify access hours and any other instructions the farmers and their employees must comply with while working in the approved farming/fishing areas being accessed.

g. **Schools.** As of 1 December 2011, the UNC-approved enrollment number of students in the TSD elementary school is 35. Requests to increase the student population must be made in writing from the TSD elementary school Principal or a higher level school district official to the UNCMAC SEC who will report such requests to the UNCMAC Senior Member and UNC DCS

before approval. Requests may be approved if supported by the TSD mayor and relevant ROKG authorities, deemed supportable by the UNCSB CDR within the limits of his security capabilities and determined by the UNCMAC to be in accordance with the AA.

h. **Commercial Transportation.** Commercial buses are authorized to operate on a route from Checkpoint "A" at Camp Bonifas to TSD with the appropriate security escort as determined and provided by UNCSB.

(1) Commercial bus schedules may be limited due to other priority security requirements. School buses are authorized to transport students not residing in TSD to and from the TSD elementary school.

(2) Buses operating in the DMZ will display a blue flag on the left front exterior of the vehicle.

i. **Fishing.** TSD residents are authorized to fish at reservoirs within the UNCMAC approved farming areas through coordination with the TSD Civil Administration Company. Residents may only fish with the proper security escort and may be limited by the availability of security resources as determined by the UNCSB CDR.

j. **Civil-Military Operations (CMO) in the TSD AO.** Paragraph 10 of the AA charges the UNC CDR with providing Civil Administration and Relief within the DMZ. In the case of the TSD AO, ROK authorities provide most of the normal functions of a local government, with the exception of those precluded by the military control and jurisdiction needed to secure that portion of the DMZ for civilian habitation and farming/fishing.

(1) Civil Administration and Relief as defined in this regulation authorizes the conduct of a limited number of CMO tasks to be performed under UNC control in the TSD AO. The TSD Company conducts the following missions in support of Civil Administration and Relief in the TSD AO:

(a) Secure the village of TSD by manning checkpoints to control access to the village, conducting patrols and surveillance in order to safeguard and protect village personnel, facilities and property, and accounting for all village residents daily.

(b) Provide vehicle escort for all residents and guests to include maintenance and construction equipment that is authorized access to the TSD village.

(c) Increase security measures during periods of heightened force protection conditions.

(d) Liaise with Paju police forces and provide support to preserve suspected crime scenes until the appropriate ROK civil police investigative authorities arrive on the scene.

(e) Enforce road/highway safety to include driving while intoxicated/under the influence.

(f) Evacuate non-combatants in the event of crisis, natural disaster or deterioration of the military situation

(g) Expedite arrival of ROK emergency services, or provide initial first responders when required to safeguard human life, treat/prevent bodily injury or address/prevent damage to facilities.

(h) Coordinate with TSD residents, elected officials and other local ROKG authorities to ensure unity of effort in the UNC controlled portion of the DMZ.

(i) Assist with the balloting of TSD local elections.

(2) Civil Affairs Operations (CAO) as defined in Joint Doctrine is not authorized in the TSD AO. The US Government normally authorizes CAO in support of CMO for areas where a civil government cannot or does not provide access to basic services or facilities required to support the local population. In areas where a local government is able to provide this access, the application of CA functional specialty skills to enhance the conduct of CMO is not required. In the case of the TSD AO, ROK authorities currently provide most of the basic functions of a local government, with the exception of those Civil Administration and Relief functions required and carried out under UNC control. Therefore the U.S. Government has not authorized CAO in the TSD AO, and the UNC will not engage in these operations during the current armistice period.

k. **Media requests to access TSD.** A Subsequent Agreement to the AA provides policy governing news media visits to the DMZ including the TSD AO.

(1) Media requests to visit TSD must be requested through the UNC PAO, deemed supportable within available security resources by the UNCSB-JSA Commander and approved by the UNCMAC SEC.

(2) Requests must be submitted at least 72 hours in advance. The following information is required to obtain clearance.

(a) Size and composition of party.

(b) Time and place of proposed entry and exit from the DMZ.

(c) Areas to be visited within the DMZ.

(d) Reason for entry.

(3) News media personnel will be accompanied at all times by a commissioned public affairs officer, senior public affairs Non-Commissioned Officer or a civilian public affairs specialist of equivalent grade designated by the UNC PAO.

(4) News media personnel will observe all provisions of the AA, wear a distinctive blue armband as required under a Subsequent Agreement to the AA and comply with the specific safety directives of their accompanying security escorts.

l. **Commercial vehicles and contractors from outside the DMZ.** Requests for civilian contractors from outside the DMZ and their vehicles to enter the TSD AO will be submitted from the relevant TSD residents through the TSD Civil Administration Company and UNCSB to the UNCMAC SEC for approval. Requests will include:

(1) Size and composition of party.

(2) Time and place of proposed entry and exit from the DMZ.

(3) Areas to be visited.

(4) Reason for entry.

(5) Personnel will be issued appropriate temporary passes and will display badges or armbands, in accordance with the AA, to identify them as workers. Vehicles will display a blue flag on the front left exterior of the vehicle while operating in the DMZ.

An administration established by a foreign government in (1) friendly territory, under an agreement with the government of the area concerned, to exercise certain authority normally the function of the local government; or (2) hostile territory, occupied by United States forces, where a foreign government exercises executive, legislative, and judicial authority until an indigenous civil government can be established.

Civil administration and relief. For the purposes of this regulation civil administration and relief as it applies to the TSD AO is defined as – the exercise of certain authorities by the UNC that are normally the function of the local government (see paragraph 5j).

a. In order to fulfill these functions, UNC coordinates and collaborates with Republic of Korea (ROK) government authorities on the provision of civil administration and relief in the TSD AO. UNC will provide civil administration and relief in the TSD AO so long as the UNC CDR recognizes the AA or until the appropriate ROK government (ROKG) agencies can assume their full responsibilities with respect to the TSD.

b. TSD is located in an area of the DMZ under UNC military control. As such, UNC secures the TSD AO to protect all friendly personnel, facilities and property therein from hostile action, prevent unsafe acts or unauthorized activities and to expedite the employment of emergency services when required. To accomplish this, UNC exercises authority and control over all access, movements and activities in the TSD AO as dictated by the military situation at the time.

c. In the event of crisis, natural disaster or deterioration of the military situation, UNC may order and facilitate the evacuation of all non-combatant personnel from the TSD AO.

d. Although UNC may provide initial emergency response capabilities, UNC resources are only intended to provide immediate emergency assistance to mitigate dangerous or unsafe situations, reduce or limit damage to property (such as from fire) and alleviate injury and stabilize persons in distress until such time as the situation can be turned over to the appropriate ROK agencies.

e. UNC coordinates TSD external work activities to facilitate farming in a safe and secure environment. In a similar manner, UNC meets and coordinates with the TSD mayor on UNC actions that impact the village and its residents.

f. UNC provides assistance as required to facilitate balloting for TSD elections.

Civil affairs. Designated Active and Reserve Component forces and units organized, trained, and equipped specifically to conduct civil affairs operations and to support civil-military operations.
