

# TRANSFORMATION OVERVIEW

# PURPOSE

To present an unclassified Eighth United States Army (EUSA) OCP-K transformation brief

# AGENDA

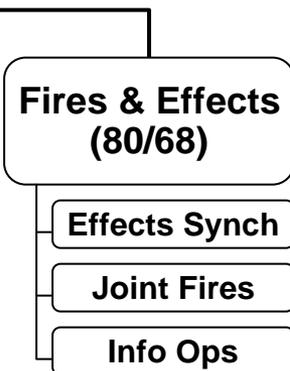

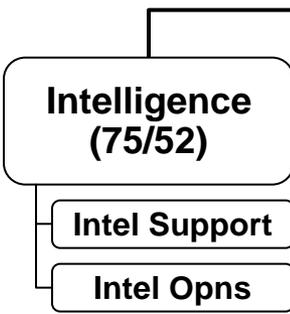

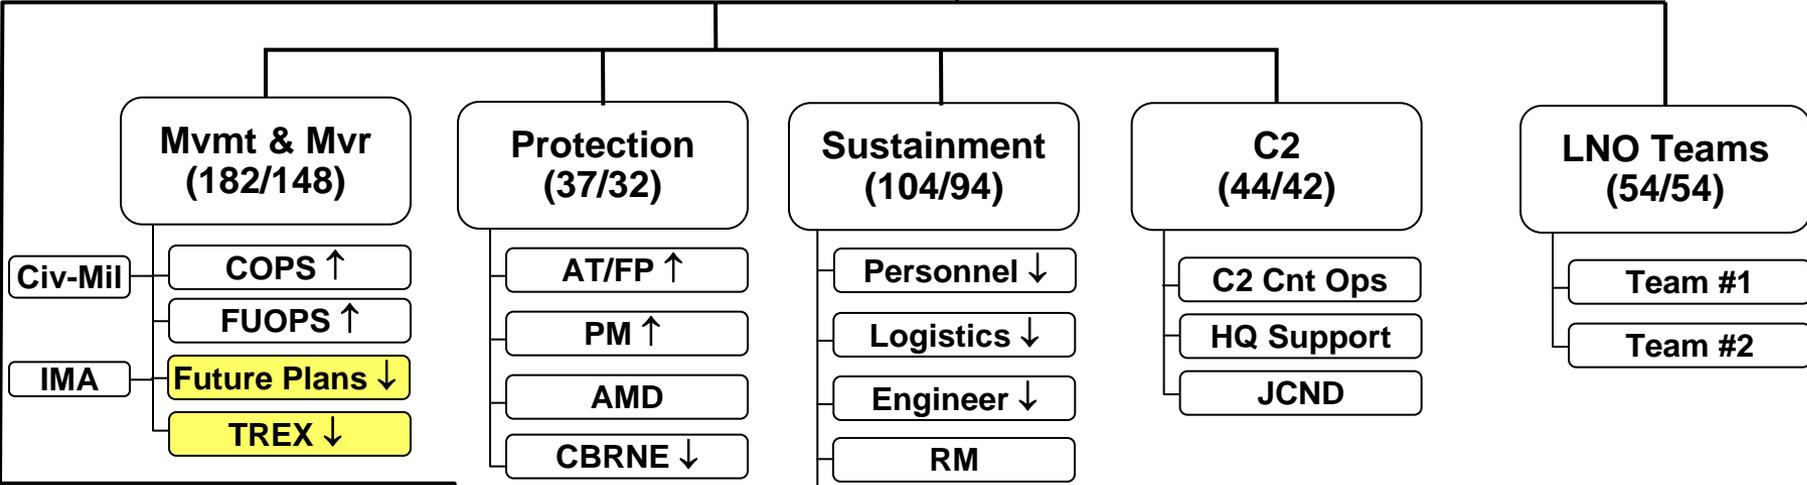

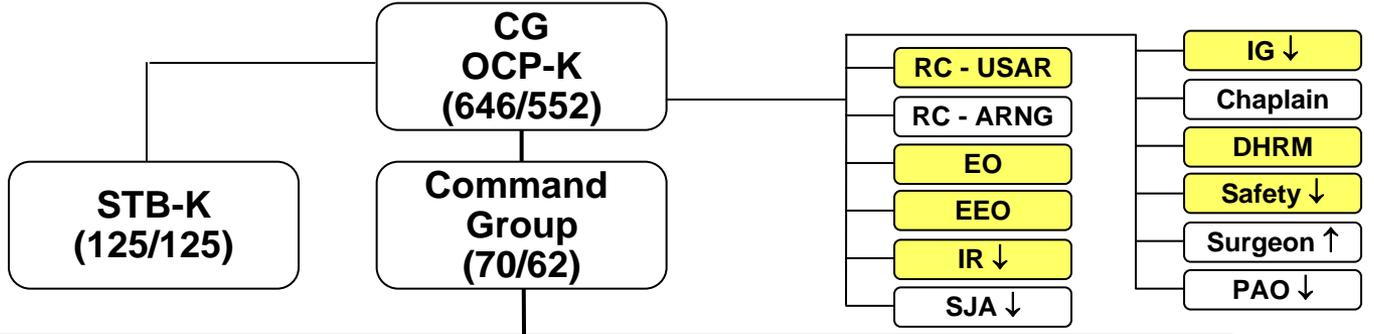

- TRANSFORMATION OVERVIEW

# EUSA OCP-K Staff Organization

**MTOE**  
(512 Soldiers)

**TDA**  
(40 Soldiers)

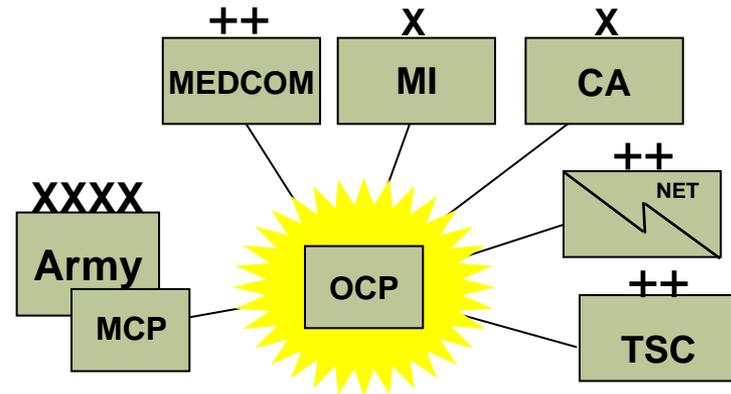

White – MTOE  
Yellow – TDA

8<sup>th</sup> Army OCP-K AUG TDA is designed to perform limited Title 10, EA, and ASOS functions required of a forward-deployed HQ; there are over 300 functions, tasks, and/or subtasks that OCP-K relies on the MCP to perform.

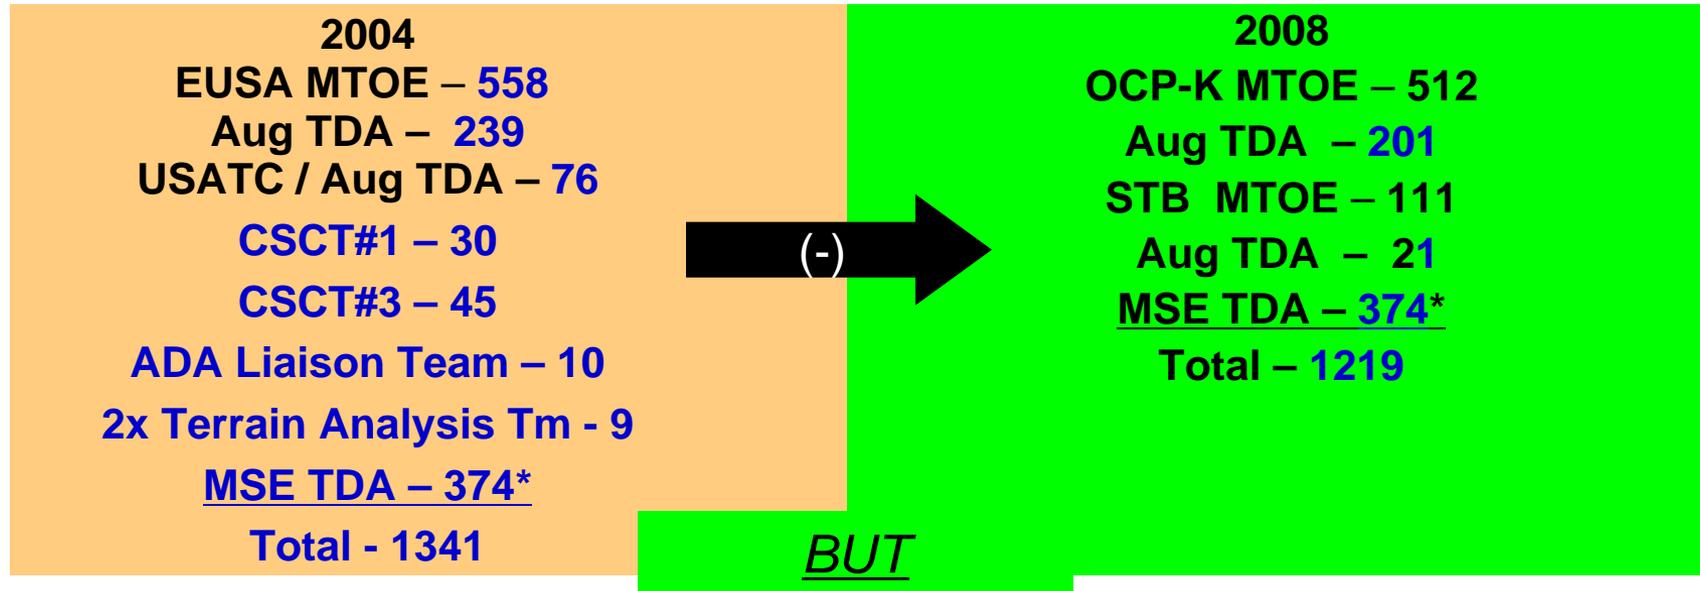

# OCP: Capabilities and Inter-dependencies

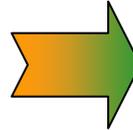

- **OCP Capabilities**
  - Designed to serve as a robust C2 facility for the Army commander serving as an ARFOR, JFLCC, or CJTF within a JOA for major operations
  - Deploys in two, incremental echelons: 100% mobile and deployable Early Entry CP (EECP)
  - The OCP has only limited mobility in organic vehicles once deployed into the JOA and typically occupies semi-permanent fixed facilities (FMI 3-93).
  
- **Inter-dependencies**
  - Army OCP is not designed as a stand-alone headquarters
  - *Dependent on Army MAIN CP for long-range planning and analysis and management of AOR-wide support*
  - Dependent on Army MAIN CP and Theater Sustainment Command for sustainment staff functions
  - Dependent on regionally focused capabilities provided by theater level commands
  - Dependent on Theater Network Command for communications backbone
  - Dependent on Special Troops Battalion for life support
  - Requires Joint augmentation (Standing Joint Force Headquarters or suitable Joint Manning Document) to build a JTF HQ (temporary).

# Theater Army HQ Capabilities

- Borrowed Military Manpower to USFK
- Army Service Component Cmd
- Title 10 Capability with no reachback
- No Battle Command Systems
- No mobility

- No Borrowed Military Manpower
- Warfighting Capability
- Full Spectrum Operations Capability with Main Command Post and 6 Theater Enabling Commands
- Battle Command Systems
- Mobile Command Post

***GREATER CAPABILITY!***

# Current Basing – FY08
